Buzzworthy Betches

Happy New Year!

AMY SCHWAB, OWNER AND FOUNDER

Happiest of New Years to you and your fur babies!

I am so thrilled to be ringing in the New Year with a ton of pups lined up for walks and overnight stays. We have been working to keep all pups safe from the respiratory illness by ensuring they are walking in private, solo walks, or are only walking with other pups who are up-to-date on their vaccines and do not go to dog parks.

We are a proud partner of PetPocketbook. That's where you can schedule and modify any of your upcoming requests. You can also see past walkers and sitters and review your pup's after-visit care card. Login to petpocketbook.com to view all of the features!

If you are interested in vacation pet sitting, we have the option to either book a sitter at your residence or book your pup at one of our sitter's gorgeous and safe locations. All our sitters are located on the west side (near LAX) making it super convenient for pick up and dropoff if you are flying out for the weekend.

New referral program! Get 10% off when you refer a friend AND your friend gets 10% off their first service. Win-win!
